

Lower School

Dress Code

FAQ

- What kind of socks and leggings can my child wear?

Your child may wear any color or pattern leggings or socks

- What do you mean by solid?

Your child may wear a top or bottom that is one color including collars, cuffs and sleeves. Any design, such as stripes, sparkles, acid wash, tie dye render the garment not solid and therefore, not in dress code.

- Can my child wear denim?

Girls may wear denim skirts or dresses as long as they are a solid color.

- Can there be a logo on the shirt?

All JEC logos are appropriate. Any other logos should be small (smaller than a quarter).

- Does my child's sweatshirt need to be in dress code colors?

Pullover sweatshirts must be solid and comply with dress code colors. Zip-up sweatshirts, however, do not have to comply with dress code colors. Please keep in mind that your child may want a sweatshirt to keep in the classroom.
